

13th Asian Club Managers' Conference
Hong Kong
May 5 – 9, 2019

Fellow Colleagues:

Welcome to Hong Kong and the 13th Annual Club Managers' Association Asian Conference. Your Conference Committee chaired by Kurt Walter has done an amazing job in organizing what promises to be two great days of education and two evenings at a couple of Asia's finest clubs – The American Club Hong Kong on Sunday evening and the Royal Hong Kong Yacht Club on Monday night.

Education is vitally important as we grow in our careers. This Conference, focusing on sustainability, will provide you with thought provoking ideas and concepts that you can take back to your Clubs. We have arranged some incredible speakers so we're certain the educational component will be exceptional.

But maybe the most beneficial aspect of any conference is the networking opportunities with our fellow Club Managers. There is always an opportunity to learn from each other so take this opportunity to meet some colleagues that you haven't met before. We have delegates from all over the region for you to get to know.

We have scheduled this year's Conference to tie in with the 2019 HOFEX Show – hopefully you'll be able to find the time to visit this important exhibition at the Convention Center.

I would like to thank Kurt Walter and his Committee for the countless number of hours they have spent on our behalf. I'd also like to thank the Hong Kong Jockey Club for once again stepping up and serving as the host venue for all of the educational sessions. And finally, I'd like to thank all of you who have taken time from your busy schedules to attend. The Conference is nothing without you.

If you're new to Hong Kong, enjoy our great City. Have fun at the Conference.

David Loan, CCM
Chair
Club Managers' Association of Hong Kong
